Eye Care Symposium

On Sunday, March 10, our very own Dr. Finn Broderbund will be the featured speaker at the annual Cleveland Eye Care Breakfast Symposium.

The symposium, which is sponsored by a consortium of eye care providers, is held every year in March. It is intended to foster awareness of the importance of eye care, and to provide an opportunity for eye care professionals to meet and discuss the industry. This year, Dr. Broderbund will speak about current advances in eye surgery as well as providing a peak at some of the technologies that will aid eye care in the future.

Tickets are still available. If you are interested in attending, call the office as soon as possible.
